

Adding an Email Address to Your Contact List: Gmail

To ensure you receive emails in your inbox, you can add the email address to your contact list by following these quick steps.

1. Click the Google Apps symbol in the upper right-hand corner and then click the Contacts block.

2. Click "Create Contact."

4. Repeat steps 1-3 to add the two Azuga email addresses.

Tip: You can enter both Azuga email addresses under the same contact.
