

Advancing the Conversation

Barriers Addressed:

Engaging in MBUF Dialogue Around the Country

The Coalition is dedicated to bringing lessons learned about MBUF through presentations to the industry, state legislatures, transportation agency leaders, research organizations, associations, councils, and federal partners. Throughout Phase 5, the Coalition led or participated in over 40 discussions around the country about the value of transportation, the current funding problem, and how MBUF could be a viable funding solution.

Presentation at IBTTA Finance and RUC Summit

Phase 5 Presentation Highlights

- **FHWA Peer Exchange:** *Motor Carrier Industry and Mileage-Based User Fees: Bringing Complexity and Diversity of Truckers to the Table*
- **Kentuckians for Better Transportation:** *Sustainable Transportation Funding: Exploring the Solutions*
- **Maryland Motor Vehicle Administration:** *Mileage-Based User Fees: Overview and MD Pilot*
- **Vermont House Committee:** *A Field Guide to Sustainable Funding*
- **Rhode Island State Planning Council:** *Fuel Taxes are Teetering on the Edge: Is MBUF a path to sustainable transportation funding?*
